

# The Laws of Manifesting

*Your thoughts create your reality  
Therefore, as you think, so shall it be*

**For a future that is secure.... Your intent should always be pure.  
(This is powerful, therefore, be careful of what you ask for because you will get it!)**

1. You are writing a letter to The Universe. Make it as *special* as possible. On your *best stationery*, and in your *best penmanship*, write down your hopes, wishes, and dreams regarding your manifestation. Be specific! You may *type* your letter, however, *writing it yourself* creates, intensifies, and infuses your *personal energy* into the request. I prefer to handwrite my manifesting requests, however, I suggest that you follow *your own intuition*. You may have to re-write the letter several times until you feel it is *Divinely Perfect*. That's important. In fact, the entire time you are working on your letter, *you are focusing your energy on your intent!* A *pure intention* guarantees a manifestation whereby *all concerned win!* This type of *concentration* is exactly what is needed in order to manifest the *profound energy necessary to create* your manifestation! Don't be afraid of making a mistake. Mistakes create opportunities to learn, to grow, to gain experience – Soul Growth! Thank You, God ☺ (TYG ☺)

2. *Set a time limit for your manifestation to occur, but be reasonable.* I usually advise giving The Universe 90 to 180 days to produce the desired results. Why 90? (9+0=9) Why 180? (1+8+0=9) As you can see, both of these numbers reduce down to the number 9. *The number 9 creates the energy of action and completion.* Now you know why you feel compelled to buy that item priced at \$9.99, or \$999.00, or \$30,999.99, or \$499,900.00, etc. The number 9 “says” take action! Repeating the number 9 is like saying to The Universe, “take action, take action, take action”. In numerology, the number 9 is also the number of completion. Therefore, to insure that you are *going with the flow of The Universe* with all of your manifestations, set the time limit in either hours, days, weeks, or months that can be reduced down to the single digit 9. For example, 9 hours; 18, 27, 36, 45, 54, 63, 90 days; 36 weeks; 18 months, etc.

3. Always end your request by stating, “*Heavenly Father, I ask this in the name of Jesus Christ, Our Lord, and I accept it as already having been done in a Divine Perfect Way. Thy Will be done. - Amen*” This statement insures that your manifestation will be *blessed* and that no one has to suffer in order for you to obtain your request - that *your intention is pure!*

4. Read your letter to The Universe *three times every day* - morning, noon, and sunset. These are the times when Universal Energy is the most powerful.

As you read your letter, do so with a *power-filled, pure intention*. You must *believe* that you are *worthy of receiving* what you are asking for, and *have faith* that it will happen. *I assure you, your mind always creates your reality according to your level of trust and faith in yourself and God.* What your mind can *conceive and believe*, you can *achieve*. As you think, so shall it be! Miracles happen everyday... the impossible takes just a little longer!

5. Finally, and most importantly, your manifestation is private, therefore, *do not discuss* your Letter of Manifestation with anyone. Nor should you tell anyone about your request or *what you are doing*. To do so will *dissipate the energy you need to create your manifestation*.
